

**INDITEX SUPPLY CHAIN:
WET PROCESSING UNITS LIST**

AUGUST 2018

1. INDEX

1. INDEX..... 3

2. INTRODUCTION 4

3. DIRECT AND INDIRECT WET PROCESSING SUPPLIERS LIST 5

2. INTRODUCTION

As a result of the collaboration with our stakeholders and **being committed to the Right to Know principle**, which is defined as practices that allow members of the public access to environmental information, Inditex publishes its global direct and indirect suppliers list of wet processing (dyeing, washing, tanning and printing) declared by its suppliers:

- The wet processing direct suppliers list names those suppliers where we hold a direct sourcing relationship.
- The wet processing indirect suppliers list includes mills that have been contracted by our direct suppliers. Indirect suppliers normally perform manufacturing operations the main suppliers are not capable of doing in their own facilities: the wet processes like dyeing, tanning, printing and washing. The accuracy of our indirect suppliers list is heavily dependent on the disclosure provided to us by our direct suppliers, who have the business direct relationship with these wet processes mills.

This direct and indirect wet processing suppliers list always describes the current status of our active business relationships and controlled with our standards at the date mentioned. This list of 717 mills will increase with time and, like any large database fed by several business entities, errors can creep in.

3. DIRECT AND INDIRECT WET PROCESSING SUPPLIERS LIST

[screenshots will be updated once final list is decided]
